

THE EARLHAM COLLEGE STRATEGIC PLAN

Report to the Board of Trustees

15 May 2015

Energy conservation provisions

5	<i>Implement an integrated package of initiatives designed to reduce energy costs</i>
5A	Display prompts and reminders to encourage energy saving behavior and integrate with targeted education programs to realize energy efficiency
5B	Set and enforce thermostat points
5C	Utilize HVAC zones within buildings to allow for greater efficiency
5D	Institute a campus-wide Energy Star purchasing policy
5E	Consolidate student housing during break periods
5F	Coordinate with Facilities to identify additional opportunities for light sensors, LEED lighting and other energy efficient measures
5G	Review and consider ways to adjust the academic calendar to reduce energy costs
5H	Reduce the number of houses in inventory used for student housing; several are not in use and in need of repair
5I	Consider shutting down the campus during the Christmas / New Year week, and/or minimizing the number of students and staff on campus during breaks
5J	Create energy-savings incentives and utility bill education programs for theme house residents
