Introduction to the LMU Core

The University Core Curriculum (hereafter referred to as “Core”) reflects the values of its founding and partnering communities—The Society of Jesus (Jesuit), Religious of the Sacred Heart of Mary (Marymount), and the Sisters of St. Joseph of Orange (CSJ). Rooted in the traditional Jesuit emphasis on classics, philosophy, theology, the liberal arts, and faith that does justice, the Core also reflects the Marymount commitment to faith, culture, and the arts. Moreover, the CSJ work for unity and reconciliation pervades the Core’s emphasis on integration.

Core Mission

The Core encourages students to value learning and to carry that love of learning into their future lives. Valuing learning has two key components: a distinctively Catholic, humanistic vision of intellectual inquiry as well as the cultivation of particular skills. Both are necessary for students to be thoughtful, critical, and engaged citizens of the world.

The Core educates and values the whole person. The LMU University Core therefore emphasizes the formation of students as whole persons, integrated in thinking, feeling, and action. As such, the Core includes intellectual, creative/artistic, and moral development. The Core invites students to analyze their relationship to others, to the world, and to God. The Core serves faith by bringing students to a critical and appreciative understanding of religious traditions, and to see the search for God as intrinsic to the human condition.

The Core recognizes LMU’s special role in creating women and men who will be discerning and active members of diverse communities—local and global. The Core includes the study of ethical theories and moral development, through which students come to recognize the value of acting rightly and using knowledge mindfully in the promotion of justice.

Core Learning Outcomes

The University Core Curriculum provides a common foundation for every undergraduate student at LMU. Through the Core, LMU students will:

- Develop fundamental skills in writing, speaking, and quantitative and analytical reasoning;
- Examine God, self, society, and the world using a variety of methods and perspectives;
- Become creative and critical thinkers;
- Become women and men for others.
Structure of the Core

The LMU Core moves from Foundations, to Explorations, to Integrations, developing over a student’s four years at the university.

**Foundations courses** are designed to introduce students to the intellectual life of LMU, guiding them to confront important issues about their values and society.

**Explorations courses** encourage students to engage in different disciplinary methods and perspectives of the humanities, arts, natural sciences, and social sciences.

**Integrations courses** challenge students to take learned skills and knowledge from the Foundation and Exploration courses, together with their majors, and apply them to interdisciplinary consideration of thematic questions.

**Flagged courses** in writing, oral skills, quantitative reasoning, information literacy, and engaged learning build on and reinforce the skills and critical thinking students obtain in the Foundations courses.

Courses in the **Foundations** level include:

- **The First Year Seminar**, which is taken in the first semester, introduces students to intellectual rigor, critical thinking, and basic writing skills while laying the foundation for a life-long commitment to learning.

- **Rhetorical Arts**, which is taken in the first year, teaches an integrated set of skills, competencies, and knowledge that enables students to engage in public debate with persuasive force and stylistic excellence.

- **Quantitative/Mathematical Reasoning**, also taken during the first year, introduces students to fundamental mathematical knowledge, including an understanding of the nature of mathematics and quantitative and statistical argumentation. (Mathematical Reasoning courses satisfy the FQTR requirement only with an appropriate score on the Mathematics Placement Exam).

- **Theological Inquiry, Philosophical Inquiry, and Studies in American Diversity**, to be taken by the end of Year 2, provide frameworks for understanding the worldview and intellectual tradition implicit in LMU’s identity as a Catholic institution located in the geographical, ethnic, and economic diversity of the greater L.A. area.
Explorations

Explorations courses serve the education of the whole person by inviting students to engage in a critical examination of self, society, and the world through a variety of disciplinary perspectives. These courses build on the understanding and skills developed in the Foundations courses by introducing students to a range of approaches to human knowledge necessary for becoming intellectually and spiritually engaged citizens of the wider world.

Students are encouraged to take these Explorations courses in Years 2 and 3:

- **Creative Experience**, which emphasizes both theory and practice, challenges students to both explore their own intuition and imagination and to reflect critically on the work they and others produce.

- **Historical Analysis and Perspectives** imparts an understanding of both the unfamiliar past and the processes by which the world of the present was created.

- **Nature of Science, Technology, and Mathematics** engages students to develop the scientific literacy necessary for them to become knowledgeable citizens of the modern world and understand the impact of science and technology on society.

- **Understanding Human Behavior** focuses on the methods of inquiry used by social and behavioral scientists to understand human behavior.

Integrations

Integrations courses are meant to serve as culminating experiences for the Core Curriculum, encouraging students to develop a more mindful engagement with the world. In these courses, students will integrate the knowledge and skills gained in the Foundations and Explorations courses and their major courses, and apply them to a range of questions of contemporary significance. Courses may be taken in the appropriate level of any language available at LMU.

Students are required to take three* Integrations courses in Years 3 and 4:

- **Faith and Reason** institutes dialogue between theology and other fields that inform and enrich the pursuit of questions of ultimate concern, an essential feature of a Jesuit and Marymount education that serves faith and promotes justice.

- **Ethics and Justice** reflects LMU’s commitment to the promotion of justice as a hallmark of the Core by exploring major philosophical, theological and spiritual traditions of ethics, and then engaging students in applying these theories to the ethical analysis of situations in a specific applied area, such as business ethics, war and peace, ecology, and the challenges of economic justice.
• **Interdisciplinary Connections,** which demonstrates LMU’s commitment to the education of the whole person through interdisciplinary approaches to learning. Students will expand their understanding through the integration of at least two disciplinary approaches. The courses in Interdisciplinary Connections will fall into one of the following thematic categories: 1) Virtue and Justice, 2) Culture, Art and Society, 3) Power and Privilege, 4) Globalization, and 5) Science, Nature and Society.

*Note:* Students enrolled in a Bachelor of Science in Engineering or Engineering Physics are required to take two Integrations courses—one in Faith and Reason and another in Ethics and Justice.

Flagged Courses

Flagged courses in **writing, oral skills, information literacy, quantitative reasoning, and engaged learning** build on and reinforce the skills and critical thinking that students have obtained in the Foundations courses.

<table>
<thead>

</tr>
</tbody>
</table>

Any approved course—not just a Core course—at the 200 level or higher may meet a flag requirement, and flagged courses may be taken in the appropriate level of any language available at LMU. No course may carry more than two flags. See the Registrar’s website for approved flagged courses.

Pre-approved immersion courses (domestic and abroad), community-based learning courses, and some courses through Study Abroad may be used to satisfy the flag in engaged learning.

**Example of Flagged Courses at Work**

Flags may be completed by courses in the major, minor, Core, or by elective courses. Students are especially encouraged to take flagged courses within their major or minor fields of study.

Example: A Health and Human Sciences major takes Human Anatomy II (a course for the major):

→ Course is also flagged for Oral Skills AND Information Literacy
→ Completes three requirements at once (major and two flags)

The same student also takes Political Science “Punishment & Mercy”:

→ Fulfills Core “Ethics & Justice”
→ Flagged for writing
→ Completes two Core requirements

With these **two courses**, the student completes **four Core requirements**.
# Developmental Structure of the Core

## Foundations (Year 1)
- First Year Seminar (must be taken in first semester)
- Rhetorical Arts (must be taken in first year)
- Theological Inquiry
- Philosophical Inquiry
- Studies in American Diversity

## Explorations (Years 2 & 3)
- Creative Experience
- Historical Analysis and Perspectives
- Nature of Science, Technology, and Mathematics
- Understanding Human Behavior

## Integrations (Years 3 & 4)
- Faith and Reason
- Ethics and Justice
- Interdisciplinary Connections*

* Engineering students are exempt from Interdisciplinary Connections.

### Flag Requirements (200-level or higher):
- Writing (2)
- Oral Skills
- Information Literacy
- Quantitative Reasoning
- Engaged Learning
Advising Information: Core Policies

- A single course may satisfy only one Core requirement (aside from flags).
- Students may satisfy major requirements with Core courses when the courses are approved for both the major and Core.
- Students must take the First Year Seminar and Rhetorical Arts courses in their first year. These courses are prerequisites for Integrations courses.
- Although the order in which Core courses are completed is flexible, students are strongly encouraged to take the remaining Foundations courses in Years 1 and 2, Explorations courses in Years 2 and 3, and Integrations courses in Years 3 and 4 (students must have completed 60 units to enroll in Integrations-level courses).
- Foundations courses carry no flags. Explorations and Integrations courses (at the 200-level and higher) can carry up to two flags.
- Entering students for the 2014-2015 academic year must complete all six flags. Students who entered Fall 2013 must complete six flags. Students who entered prior to Fall 2013 should meet with their assigned college advisors to determine a plan for completing flag requirements.

General Degree Requirements

The bachelor’s degree requires a minimum of 120 units, including 45 units of upper division course work, as well as the completion of:

- University Core Requirements (including 6 flag requirements);
- Major course requirements (and minor if applicable);
- Elective courses, if needed, to obtain the 120 unit minimum.

Note on Electives

There are two types of elective courses: 1) those that students take within their major or minor programs; and (2) those students take that fulfill neither Core nor major/minor requirements, but count toward semester hours needed for degree completion.

Students may select the second kind of electives from a variety of courses across diverse academic disciplines. Courses in the Core (with the exception of the First Year Seminar and Rhetorical Arts) may also be taken as an elective if a student has already fulfilled a particular Core area.

For example: A History major takes ART 150: Introduction to Studio Arts to fulfill the Creative Experience Core requirement. The student also takes THEA 110: Beginning Acting. This course would count as a general elective (3 units) towards the 120 units required for degree completion.

Students should select electives in close consultation with their college advisors.
Using the Schedule of Classes

1. Log in to the MyLMU Portal: http://my.lmu.edu
2. Locate the “Shortcuts” box
3. Click on “Schedule of Classes”
4. Select the upcoming term.
5. Press “ctrl” to select/unselect options from the boxes.

Find a Major/Minor Class

Search a specific department in the top “Select Subjects” box. Do not select anything from the “attribute” field below.

Find a Core or Flagged Class

Select “all subjects” box and choose at least one “attribute”: a core or flag area. Flags are listed at the bottom.

Search for one or more subjects (hold ctrl), or click “all subjects.”

If you want to select a core or flag area, click on it within “attributes.”

“Attributes” (like core or flag areas) appear on right.

Once you “generate schedule,” the courses in black are available; courses in red are full. You may also see courses or sections that are reserved for specific groups. The CRN is the 5-digit code on the left: record these for a faster registration.
Appendix 1: Transfer Charts

The transfer charts that follow provide information on Core requirements for transfer students at three levels: (1) students who transfer in fewer than 30 units; (2) students who transfer in between 30 and 59 units, and (3) students who transfer in 60 units or more.
LMU CORE CURRICULUM FOR TRANSFER STUDENTS (FEWER THAN 30 UNITS)

The Core Curriculum at Loyola Marymount University requires 12-13 courses, including 6 flagged requirements. Some courses in the Core may also satisfy requirements in the student’s major or minor. Flagged courses will typically be courses that also satisfy other Core or major requirements, so they do not add to the total course requirements for most students. All flagged courses will be at the 200-level or higher.

FOUNDATIONS
For students who transfer fewer than 30 units, the First Year Seminar must be taken in the first semester at LMU. All other courses in Foundations are required, but may be transferred from another institution (pending approval).

<table>

| Quantitative Reasoning (1 Flagged Course)  |  REQUIRED – Must be taken at LMU
| Engaged Learning (1 Flagged Course)  |  REQUIRED – Must be taken at LMU

UCCC POLICY ON AP COURSES
No more than two Explorations courses may be met by AP exams. Since AP credits can be applied to major, minor and core courses, it is highly recommended that students discuss their options either with their associate deans or with their school/college academic coordinators.
LMU CORE CURRICULUM FOR TRANSFER STUDENTS (30-59 UNITS)

The Core Curriculum at Loyola Marymount University requires 12-13 courses, including 6 flagged requirements. Some courses in the Core may also satisfy requirements in the student’s major or minor. Flagged courses will typically be courses that also satisfy other Core or major requirements, so they do not add to the total course requirements for most students. All flagged courses will be at the 200-level or higher.

FOUNDATIONS
For students who transfer 30-59 units, the First Year Seminar is waived. All other courses in Foundations are required, but may be transferred from another institution (pending approval).

<table>
<thead>
<tr>

</tbody>
</table>

**UCCC POLICY ON AP COURSES**

No more than two Explorations courses may be met by AP exams. Since AP credits can be applied to major, minor and core courses, it is highly recommended that students discuss their options either with their associate deans or with their school/college academic coordinators.
LMU CORE CURRICULUM FOR TRANSFER STUDENTS (60 UNITS)

The Core Curriculum at Loyola Marymount University requires 12-13 courses, including 6 flagged requirements. Some courses in the Core may also satisfy requirements in the student’s major or minor. Flagged courses will typically be courses that also satisfy other Core or major requirements, so they do not add to the total course requirements for most students. All flagged courses will be at the 200-level or higher.

FOUNDATIONS
For students who transfer 60 units, the First Year Seminar, Rhetorical Arts, Theological Inquiry, and Philosophical Inquiry may be waived. Other courses in Foundations, including Quantitative/Mathematical Reasoning and Studies in American Diversity are required, but may be transferred from another institution (pending approval).

<table>

</tr>
<tr>
<td>Quantitative Reasoning</td>
<td>May be taken at LMU as 1 of 3 required flags.</td>
</tr>
<tr>
<td>Engaged Learning</td>
<td>May be taken at LMU as 1 of 3 required flags.</td>
</tr>
</tbody>
</table>

**UCCC POLICY ON AP COURSES**
No more than two Explorations courses may be met by AP exams. Since AP credits can be applied to major, minor and core courses, it is highly recommended that students discuss their options either with their associate deans or with their school/college academic coordinators.
Appendix 2: Advanced Placement

LMU participates in the Advanced Placement Program of the College Board. Students may be granted credit at the time of entrance into the University for subjects in which they have completed the AP examinations with a minimum score of 4. When official scores have been received from the College Board, applicants will be notified of the advanced placement and course credit in accordance with the following table. Note that an essay is required for all examinations offering optional essays.

No matter the major, all LMU students take courses in the University Core Curriculum. Beginning in Fall 2013, all entering Freshman will take courses in the “new Core.” The college/school officials determine if AP work will exempt students from specific University courses or requirements. Normally, students will not be exempt from requirements in the major.

Note: Calculus AB, Calculus BC, or Statistics may satisfy the Quantitative Reasoning requirement. In the area of Explorations, no more than two courses of the four area requirements may count toward the Core. If two courses are satisfied, one must be outside of the student’s major course of study.

***Credit subject to final review by Music faculty.
Appendix 3: University Honors Program

Through small seminar-style classes with LMU’s best professors, student-created and student-led publications and programs, Honors housing, special events and speakers, and independent research opportunities, every student in the University Honors Program is encouraged to become a first rate scholar and citizen of the greater intellectual conversation.

Honors students must take the Core courses designated “Honors.” All other Core courses may be satisfied through the university-wide Core course offerings.
CORE CURRICULUM REQUIREMENTS: UNIVERSITY HONORS PROGRAM

FOUNDATIONS

<table>
<thead>
<tr>
<th>Honors Introduction to Honors (1 hr)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Honors First Year Seminar (1 course)</td>
</tr>
<tr>
<td>Quantitative/Mathematical Reasoning (satisfied through the requirements of the Honors Core)</td>
</tr>
<tr>
<td>Honors Theological Inquiry (1 course)</td>
</tr>
<tr>
<td>Honors Philosophical Inquiry (1 course)</td>
</tr>
<tr>
<td>Studies in American Diversity (1 course)</td>
</tr>
</tbody>
</table>

EXPLORATIONS

<table>
<thead>
<tr>
<th>Creative Experience (1 course)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Honors Historical Analysis and Perspectives (1 course)</td>
</tr>
<tr>
<td>Nature of Science, Technology, and Math (1 course)</td>
</tr>
<tr>
<td>Honors Literary Analysis (1 course)</td>
</tr>
<tr>
<td>Understanding Human Behavior (1 course)</td>
</tr>
<tr>
<td>Honors Research and Exhibition (1 hr)</td>
</tr>
</tbody>
</table>

INTEGRATIONS

<table>
<thead>
<tr>
<th>Faith and Reason (1 course)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Honors Ethics and Justice (1 course)</td>
</tr>
<tr>
<td>Honors Post-Bac Success Seminar (1 hour)</td>
</tr>
<tr>
<td>Honors Thesis</td>
</tr>
<tr>
<td>Honors Portfolio and Assessment (0 hours)</td>
</tr>
</tbody>
</table>

All Honors students must achieve proficiency (the equivalent of three semesters of LMU study) in a second language. International students who speak English as a second language are exempt from this requirement. The requirement may also be satisfied by achieving AP Foreign Language credit or receiving 203 or higher on the Foreign Language placement exam.
Appendix 4: Core Curriculum Course Offerings (Fall 2014)

The projected Core Curriculum course offerings that follow are intended for reference only. This is NOT an exhaustive listing of courses. Core Curriculum course approval is ongoing and fluid. Please refer to the Registrar’s website for a complete list of Core courses by Core area: http://academics.lmu.edu/registrar.
